

Tenderly Sleeping

G. S. W.

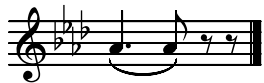

Ten-der-ly sleep-ing, so tran-quil and sweet; Je-sus the lov-ing and mild. Bright was the day-beam that

cir-cled His head, Guard-ing the Ho-ly Child. Quick-ly the wise men from far dis-tant lands

Hast-ed their hom-age to pay, Bear-ing their gifts and their trea-sures of gold, Crown-ing His na-tal

Day.
